Termez State University (TerSU) is the only higher educational establishment in Surkhan oasis.

Surkhan oasis is considered as ancient and rich region situated in the south of the Republic of Uzbekistan. Surkhandarya region was founded on March 6, 1941. The territory is 20,1 thousand square kilometers, the population is more than 1 mln. 850 thousand, administrative center of the region is Termiz city. More than 30 nations and nationalities inhabit in Surkhan oasis.

The history of Surkhan oasis or Surkhandarya province dates back ancient times. The territories of Surkhan oasis in different periods of history took names of Bactria, Tohariston, Chaghaniyon, and other names, and played an important role in the civilization development of mankind. The emergence of early notions of zoroastrianism religion, the process of becoming sacred of fire is also connected with the territories of Surkhandarya region. We can observe the process of Hellenism, unification of native culture with ancient Greek culture in the territories of Ancient Bactria in III-II centuries B.C. (see www.arxeologiya.uz)

Termez state university was established in 1942 as a pedagogical institute. Nowadays the university has 6306 students of bachelor's degree and about 200 students of master's degree levels. It has 430 teaching staff which 36 % of them have PhD and Doctoral levels. NamSU offers various courses of study, including 23 bachelors educational programs, 11 masters specialization programs, 10 programs for PhD. These programs are in Languages (Uzbek, Russian, English, and German), Literature, Social sciences, Law, Political sciences, History, Archive studies, Pedagogy, Psychology, Education, early childhood education, pre-school education, sport, applied art, geography, economy, mathematics, physics, chemistry, technical sciences, and etc.

Today the university has academic relationships with more than 100 advanced universities in Europe, Asia and CIS countries. Every year the teaching staff and students attend different scientific events and spend academic visits in advanced universities in developed countries.

During the last academic year 15 teachers and 4 students got the grants of these organizations.

The professor teachers have interactions with DAAD, UNESCO, Goethe Institute, British Council, LOGO e.V., Soka Gakkai International Foundation and other international organizations.

Termez state University has signed agreements with more than 10 Universities and Institutions of the world. Among them Soka University (Japan), Bonn University of Germany, LMU Munich

(Germany), Paris Archeological Institute (France), German Archeological Institute (Germany), Delhi University (India), Multimedia University (Malaysia), Charles University (Czech Republic), Balkh University (Afghanistan), Vytautas Magnus University (Lithuania) and others. In 2002 Termez State University became the member of Asian University Federation.

Termez State University staff currently run 12 innovative projects on involving 64 teaching staff and researchers. More than 100 researchers work on their research topics to obtain doctors degree. The major research topics are in pedagogics and teaching methodology, professional education, linguistics, literature, economics, archeology, chemistry, chemical technology, semi-conductor physics, microbiology, natural geography, handicraft and etc.

FACULTIES

Faculty of Physics-mathematics
Faculty of Natural sciences and geography
Faculty of Philology
Faculty of Pedagogy
Faculty of Physical training
Faculty of Techniques and Professional Education
Faculty of Economics
Faculty of History
Faculty of Refreshment of Teachers

ACADEMIC DEPARTMENTS

1. Department of Uzbek language
2. Department of Uzbek literature
3. Department of General linguistics and world literature,
4. Department of English philology,
5. Department of German philology,
6. Department of Interfaculties English language
7. Department of Pedagogy
8. Department of Psychology,
9. Department of Musical Education
10. Department of Elementary and Primary education
11. Department of History of Uzbekistan
12. Department of World History
13. Department of Ideology of National Independence and Basis of Spirituality
14. Department of Philosophy
15. Department of Economics
16. Department of Finance
17. Department of Management
18. Department of Theory of Economics
19. Department of Differential equations and Geometry,
20. Department of Applied mathematics and information technology,
21. Department of Physics,

22. Department of General technical sciences and professional education
23. Department of Exploitation of Transport means
24. Department of Agro-engineering
25. Department of Biology,
26. Department of Chemistry,
27. Department of Geography,
28. Department of Ecology
29. Department of Sporting games
30. Department of Sporting methodics

UNDERGRADUATE PROGRAMS

1. 5111000 – Professional Education: Technology of Preservation and Primary Processing of Agriculture Products
2. 5111000 - Professional Education: Chemical Technology
3. 5111000 - Professional Education: Economics
4. 5111100 – Musical Education
5. 5111300- Native Language and Literature (on languages)
6. 5111600 – National Idea, Basis of Spirituality and Law Studies
7. 5111700 – Primary Education and Sporting
8. 5111800- Elementary Education
9. 5112000-Physical Culture
10. 5112100- Labour Education
11. 5120100-Philology and Language Education: Uzbek Language
12. 5120100 -Philology and Language Education: English language
13. 5120100 -Philology and Language Education: Russian language
14. 5120100 -Philology and Language Education: Tajik language
15. 5120300 -History (on countries and regions)
16. 5130100 -Mathematics
17. 5130200-Applied Mathematics and Information Science
18. 5140100 -Biology
19. 5140200 -Physics
20. 5140500 -Chemistry
21. 5140600 -Geography
22. 5230100 -Economics (on branches and spheres)
23. 5230600 -Finance
24. 5310600 –Ground transport systems and their exploitations (on transport means)
25. 5630100-Ecology

Role of TerSU in TuCAHEA project

The main activity of TerSU in TuCAHEA project is to disseminate information and opportunities. In the framework of the project TerSU can implement the followings:

- Developing e-textbooks and handbooks for effective training of teaching staff and students to enhance the comprehensive knowledge and skills in quality issues, quality assurance and management,
- Provision and organizing the trainings, seminars and workshops in teaching and administrative staff as well as students,
- Working towards the project objectives and monitoring the implementation processes within the university,
- Continuous conducting research surveys to enrich the quality assurance system development within the university.
- Dissemination the project skills and outcomes to enlarged group of teaching and administrative staff, as well as postgraduate students
